Report (150 /200)

- Some alternative technologies are mentioned for comparison, but the descriptions are too high-level.

Deployed Application (505/600)

1 - The application is functional (200/200)

- Basic functionality is working fine (e.g. adding/removing items, summing the total amount, and applying tax).
- A database is implemented.

2 - The application's UI is present and usable (165/200)

- A simple UI is built and the UI is cohesive and clear.
- The UI is able to adapt to different devices (desktop, phones and tablets), but need some adjustments for phones.

3 - Testing infrastructure implemented (140/200)

- Some tests were implemented but will need a lot of changes to add further tests.

Testing Availability (170/200)

1 - The application is deployed (80 /100)

- A link is provided for testing.

2 - Instructions for testing are provided (90 /100)

- Brief instructions were included on how to use the deployed site.
- A demo video is provided.
- Instructions for running tests were also included.

Total: 150/200 * 20% + 505/600 * 60% + 170/200 * 20%= 82.5%
